Baccalaureate Will Be Held Sunday, May 19

Baccalaureate exercises will be held Sunday, May 19 at the city auditorium, at 8:00 o'clock.

The musical portion of the program will be under the direction of M. O. Johnson. This will consist of the Processional "Pomp and Circumstance" by Elgar. The orchestra will play "Prelude" by Guilmon and "Malaguena" by Lecuona.

The mixed chorus will sing two numbers. They are Hospiodi Pomilui by Lvovsky and "Hear My Prayer" by James. The string quartet composed of Ruth Green, Della Mosier, Ruth Ann Williamson and Polly Lashbrook, will play two numbers. The band will play the Recessional.

Invocation will be given by Dr. Gordon Thompson of the Methodist Church. Rev. Richard DeVilliers of the Christian Church will address the graduating class. The subject of his sermon will be "After Bethany, What?" Benediction will be given by Rev. F. R. McClanahan of the United Brethren Church.

Council Committees Give Final Reports

Last Tuesday could have been called "Committee Day" for the Student Council.

Since it was the first meeting in a month, the different committee gave reports on the progress made during that time.

Arthur Delmez announced that there are fifty one stars on the gold flag, and that is up to date. Arthur, David Lane, Ruth Ann Williamson and Miss Waltz make up the Memorial committee.

Eldon Harmon reported that his committee had completed its work on the constitution. It has been rewritten and revised to suit present needs.

It was reported that work on the handbook is half finished. This committee has been working for twelve weeks on the general revision of this book. It is hoped it will be completed before school dismisses.

Representatives, alternates and sponsors are planning to end the year next Tuesday, with a picnic at Lincoln Park.

PHS Will Offer New Subjects Next Year

Speech, dramatics and debate are three of the new subjects to be offered to PHS students next year.

Plans have also been made to increase the offering in the vocational educational department.

PHS will also have a work experience program in the Distributive Education department.

Grade School Pupils

Have Busy Time Play Day

"Play Day" for the sixth grade boys and girls will be held again this year in the Roosevelt Junior High School Gym, May 18, from 9:20 a. m. until 1:30 p. m.

The purpose of this day is to acquaint sixth grade students with the junior high building. In general plans call for mixer games, a building tour, softball, yells and lunch at the cafeteria. Miss Helen Lanyon and Mr. James Morey are in charge.

PHS Teachers Relate Plans For Coming Summer Vacations

Gasoline rationing may be something to be remembered but apparently the ability to drive to the filling station and say "Fill 'er up" hasn't done much to affect the plans of PHS teachers this summer.

Mr. Lundquest isn't taking any vacation but starts teaching June 1, at Oklahoma A and M College in Stillwater.

Two teachers, Miss Waltz and Miss Oliver, are going to college. Miss Waltz is going to summer school at KSTC to work on her master degree.

Miss Oliver is going to the University of Denver in Denver, Colo.

Three teachers have no definite plans as yet. This threesome is Miss Gable, Miss Stephens, and Mr. Cromer.

PHS printing instructor Mr. White will probably work downtown and take a vacation in Colo.

Mr. Ludlum chemistry teacher will work while Mr. Nation is going to try to get a roof over the "Nations."

Miss Fintel will try to forget about students and eat, sleep, read, and get fat.

Mrs. Peterson and Miss White are both staying home and resting.

Working out of town on a farm and also working in town should take most of Mr. Price's time this summer.

Miss Bailey is going to Illinois but has no other plans while Mrs. Lewis is going to travel but as to where she is not sure. She may also go to school in the east.

Biology instructor, Mr. Huffman is going to Camp Wood first and then work around home.

Booster Offers Carol Burke's Winning Essay

What do I owe my school? That was a new question to me. As most students, I have always been only too ready to enumerate the things I expect my school to give me, never thinking that I might owe it something also. As one writer says, "You get out of education what you put into it." That sounds like a "square deal" to me; but what can I put into it?

No matter what my intelligence quotient is, it is certain that I won't make much progress unless I give co-operation to my school. Giving freely of my talents and abilities will enable me to learn more from my classes.

My school needs good leadership to organize and carry out the opinions and ideas of the student body through the student council. However, if I should find that I am not a good leader, I owe it to my fellow students to be the best follower I can, and abide by the rules formulated from the opinions of the majority of the student body, whether or not I agree with them.

Above all, I owe my school loyalty, loyalty in attendance, not only of classes, but also competitive sports, school parties, and other things sponsored by my school and student council for my pleasure and benefit. If I bring to class a cheerful smile, an eager mind, and a determination to learn, I will not be left behind later on in life's race.

My school owes it to me to teach me useful facts and how to use the knowledge I gain. Unused knowledge is only one step higher than ignorance. Americans are known the world over for their keen, alert minds and their ability to make quick decisions in time of need.

My school should teach me sportsmanship and self-discipline so that I can take with a smile all that life gives me, and come back for more, no matter how many times I am beaten down. In school I should, through the varied courses, determine for what I am best suited and begin reaching for my star. At school I should be taught how to co-operate with others, and how to be a good follower as well as a good leader. I should learn about the value of individuality and initiative.

From my school I should learn about my government so that in the future I may take place in it, either as a voter or a representative of my neighbors.

My school should teach me the equality of all, so that in the world of tomorrow, when distance shall have ceased to exist; the red, white, black, brown, and yellow races may live together in lasting peace and harmony.

My school and all others like it constitute the American way of life. "It was in making education not only common to all, but compulsory on all, that the destiny of the United States of America was settled." An ignorant man is never free. So long as the mind is a slave of ignorance, the body will have a master. Education makes possible our freedom. Democracy lays in the hands of the teachers of youth. It is my duty and your duty as students of Pittsburg Senior High School to help and support our school in every way.

—Carol Burke—

Junior Assembly Shows Class Talent

Any outsiders that were in PHS halls last Monday, might have thought that Lily Pons or Jose Iturbi or even Catherine Cornell was performing for the student body. Well not quite, right now, but maybe future stars of this country. It was the juniors giving their annual class program.

Master of ceremonies was the class president Dan Martin. Devotions were given by Roger Halliday. The first musical for the morning was a piano solo by athletic star Harvey Grandle. Other piano soloists were Rosemary McCluskey, Joan Hughes, and a piano trio made up of the "Three M's" Mary Hallman, Mary Louise Gibson, and Marilyn Markham.

Betty Ann Cole, Billy Brumbaugh, Donna Fenimore, and Jackie Brown sang vocal solos.

Carol Burke gave the reading "Voice Of Low I. Q."

Booster Receives Award Fourth Time

For the fourth time in succession, the Booster has taken first place in the "Service to the School" division of the annual Kansas University High School Journalism Contest. Last year the Booster won a 25 year record by winning this award for three years in succession.

"The Pittsburg Booster seems to have earned a reputation for being the liveliest, most wide awake and most progressive high school paper in Kansas," was one of the comments made by the university judges.

The paper also fared well in Business Management by rating a third place in this activity. Contest judges also gave recognition to the special column, "Crime Incorporated" by Tess the Mess. Nancy Messenger.

Students To Get Annuals Next Friday

Dispite all the material for the Purple and White being into the company on time, they will not arrive for the Junior-Senior Frolic but will probably be here Friday for distribution.

If they are distributed on Thursday, seniors will be called back to school, and if on Friday, the RJHS gymnasium will probably be open from 9 to 12.

Fifty annuals have been spoken for and they may be purchased from salesmen, Mrs. Adams at the office, or Mrs. Peterson's room 316. Annuals can still be bought.

It's A Fact

That the library has bound eleven volumes of magazines and ninety volumes of books this year.

That the library received 417 new books this year.

That the library receives four daily newspapers. They are the New York Times, Kansas City Star and Times, and the Pittsburg Sun.

That the library has checked out almost twice as many books this year as in '43-'44. During the last three years the number of books that teachers and students have checked out are as follows: '43-'44, 9779; '44-'45, 13276; and '45-'46, 17308.

Prof. Hill Speaks At High School Commencement

With the pleasant memories of high school still fresh in their minds, the senior class, after three years of hard work, will have the long awaited commencement exercise at 8:00 Thursday evening, May 23, in the Pittsburg Memorial auditorium.

The speaker for this occasion will be Professor Howard Hill from the Kansas State College at Manhattan. Professor Hill is head of the speech department at the College.

The program for commencement will be as follows: Processional, "Cornation March" from the "The Prophet" by Meyerheer played by the band. They will also present two numbers "Komm Susser Tod" (Come Sweet Death) by J. S. Bach-Leiden, and Selections of Schubert Melodies by Hildreth. The mixed chorus will sing, "Calm Is The Night" by Bohm-Ames, and "Autumn" by Gretchaninoff. The girls double trio will sing "The Lotus Flower" by Schumann Claassen, and "I Thought of You" by Klemm. The invocation will be given by Reverend Arthur Armstrong, minister of the United Presbyterian Church. Superintendent Lowell A. Small will introduce the speaker, Professor Howard Hill. His topic as of yet has not been announced. Principal Finis M. Green will give the presentation of the class, and Rex Crowley, president of the school board, will present the diplomas. Benediction will be by the Reverend Clyde Askins, Minister of the First Baptist Church.

After the graduation exercises are completed, seniors will attend their prom in the Roosevelt gymnasium.

Lundquest To Teach At Okla. A. and M.

"I have enjoyed teaching at PHS very much and regret leaving Pittsburg and PHS," stated Mr. Lundquest, who is leaving to teach at Oklahoma A and M June 1.

The Board accepted Mr. Lundquest's resignation Monday, May 6.

Mr. Lundquest taught at Oklahoma A and M from 1942 until 1944 previous to his entering the Navy. He is now returning to head the typing department. He also plans to do some work on the Ph. D. degree while there.

Mr. Lundquest taught in PHS since last December after receiving his discharge from the Navy. He also taught at PHS from 1935 till 1942.

PHS will lose a well liked teacher when Mr. Lundquest leaves, but as the old saying goes, "One person's loss is another one's gain."

Ruth Payne Breaks High School Typing Record

Never been done before, but Ruth Payne did it. Yes, Ruth has achieved typing 98 words a minute. With the five errors subtracted she typed 93 words a minute. That is more than 8 strokes a second.

Ruth's speed is faster than most professional stenographers after years in an office.

"This is faster than any student I have had in my 16 years of teaching," concluded Mr. Lundquest.

It's Worth Thinking About

Senior Experiences Provide Materials For Happy Memories

"Hail and farewell" could very well be PHS's theme for the month of May, for 135 of its members are leaving this year.

The old club officers are handing over their jobs to the new ones. meetings, parties and proms are being planned to honor the seniors before they leave. This is a time for happiness and sadness!

For many of us this is our last year of school, so it will stand out in our memories of the twelve years we spent "earning some learning."

When we look back over the past year, there are some things every one of us will remember. The fact that even though we weren't on the winning side in many of our athletic events, but we did learn to be good sports; the fact that the best school spirit possible backed our teams, at all times.

The fact that our music groups and school paper did so well in their contests; the good attendance at the all school parties and Hi-Y—G.R. Mixers; the programs, pep assemblies, Sadie Hawkins Day, the jokes of the teachers, the classes, the get-togethers on the steps and in the halls; these and many more we'll remember.

There will be many more senior classes to come, but this was the only senior year for the class of '46, its been a good year. Since this is the last school paper to be printed this year, I'd like to say, on behalf of the senior class, "So Long Its been Nice Knowing You."

Future Journalist Works For Paper

To be a newspaper man seems to be the ambition of George White. George, as he continued to say that has been working at the Headlight and Sun for several years.

George said, "Saving stamps used to be my hobby and took up most of my spare time, but a certain little blonde by name of Marjorie seems to have taken over that time." So consequently George doesn't save stamps anymore.

"Football is my favorite of favorites in the way of sports," smiled George, as he continued to say that hamburgers were definitely on the list of his favorite foods.

PHSer Explains Typing Classes

Clackety clack clackety clack is always heard from behind that mysterious door on third floor where Mr. Lundquest reigns as king.

If you haven't guessed it, this room is where all us intelligent seniors and some dumber juniors use a typewriter. Six hours a day, five days a week, this sound is heard. We belong to a union.

Students pounding these machines are more or less a little "teched". We all thought typing would be fun but it ain't.

After your first year, you should be typing 30 words a minute. Now me, after 34 weeks, I type exactly 15 words a minute, and I think that's pretty good (?) But, of course, I am just bragging.

When I write a sentence such as "Now is the time for all good men to come to the aid of their country" it looks like, "Onw si hte nati:foall goo d nme at once to eth dai of thier county.?!".

You can see I got exactly two words right out of 16.

Considering the little time I've been taken typing, just 34 weeks, I think that's very good, don't you.

Tuneful Melodies Take Top Honors

Once again the Booster brings to you the latest list of the most popular songs of the nation, better known as the "Hit Parade." Listed below is the "Hit Parade" for this week.

On the top of the list is the very popular and beautiful melody, "Oh! What It Seemed To Be." "Personality," a song which has been a standby on the "Hit Parade" for the past few weeks, ranks second on the top list of songs this week.

"Day by Day" and "You Won't Be Satisfied" wound up in third and fourth positions respectively. "Sho Fly Pie" ranked fifth this week. "Doctor-Lawyer-Indian Chief" took sixth place this week followed by the popular little kick tune "One-zy Two-zy."

"All Through The Day" placed eighth this week, with "Symphony," long time "Hit Parade" member, taking the ninth spot. "I'm Always Chasing Rainbows" winds up the "Hit Parade" this week placing in the tenth position.

This will probably be the last "Hit Parade" issued in the Booster this year. The author of this column hopes everyone has enjoyed reading this column as he has enjoyed writing it.

Students Discuss Lessons Learned

Since at the beginning of each year, it is customary to make New Years resolutions, it is only natural to check on what has been accomplished at the end of a period of time such as at graduation.

In order to find out what PHS students have learned, the following question was asked: "What has been the most valuable lesson you have learned these last three years?" Elinor Van Beber — "Up to this year I didn't have the least idea what my future plans were.

After taking a certain class, I know what I want to go ahead and take in College."

Billy McGuire — "What I have learned may not be classified as a lesson, but overcoming an inferiority complex has done me the most good."

Katie Woodside — "I think the most valuable lesson I learned in PHS was—no matter what the urge may be (don't shoot a gun! It may go off.

Even an insignificant little cap gun can make a big bang and lots of smoke. So here's my philosophy to the younger (than I) generation coming on. When you have the urge to shoot, just count to ten."

Helen Curteman — "If you wonder whether your man really loves you, scratch your diamond on the window. If it ruins the window, he's O. K. and if it ruins our ring, he's just another jerk."

Bob Barbero — "Besides the facts of life, I have accomplished the unusual task of sleeping sitting up."

Don Cooper — "The art of self control! A-hem! Nuff said!

"Jazz", Music Or What?

Jazz has been ridiculed and run-down more than other form of music. The trouble is that most people don't like anything they can't understand. If they can't whistle it after hearing it on the radio or at a local record shop. They start off on a wild tantrum by saying that jazz should be kept off the airways, and any other place where it might be heard. At the same time they are saying that Onesy-Toozy sung by Hildegard and accompanied by Guy Lombardo is their favorite record.

Well, this week we have a musician who has long been in the eyes of the public, one of those commercial characters. Nat 'King' Cole. the man of whom we're speaking has decided to go back to jazz now that he thinks he's got a firm grip on the public. The 'King' and his trio started out nine years ago. They just barely got by, until they learned about 'mickie mouse' music. They have been playing it ever since then but now that they have a chance they are going back to jazz and have resolved to stay away as far as possible from the 'pop' tunes. When the critics jumped the gun and asked him if he was going to keep on playing "dog" tunes every night, he came right back at them with a very emphatic, "O" and this statement. "Let's get it straight: I love jazz and I'm going to play more of it at all the time!"

Glad to hear it, score one for our side.

Several church going people exchanged glances and left in wonder.

QUESTION OF THE WEEK

Who is going to take who to the senior prom.

It's getting pretty bad when a teacher gets locked out of his own room. Such as Mr. Lundquest was one fourth hour.

That will teach you never to turn your back on a typing class.

PHS can well be proud of old grad Bonnie Crouch now an art student at the Kansas City Art Institute. One of her sketches was in the Kansas City paper. Now there is a goal for every girl interested in art work.

Now it can be told. There has been a feud going on between the Pittsburg Booster and the Columbus Advocate at different times of the year.

Several hot letters have been burning up the mail systems, down South, South that is.

The Booster and the Dragons have been mentioned several times in the advocate. The Columbus Titians. ("spit," I dirtied my mouth") must have given up. We have had no word from them for the last month.

Too Bad, So Sad.

As this year comes to a close and the last issue of the Booster comes out for this school year it seems kind of funny to think that Crime Inc. will come out next year with out the supervision of Tess the Mess. It has been lots of fun, and I sincerely hope not too many toes were stepped on when little incidents were told that possibly weren't supposed to be. Thanks again, and here is luck to next years eyes and ears of PHS.

Senior Spot Lights

Here Are Farewells To Pleasant Memories

ERNIE CHANEY

"The thing I liked best about PHS is May 24, 1946", smiled Ernie Chaney better known to the gang by his nickname "Lefty". The ambition of this King of PHS is to be potentate of the I.D.P. Ernie leaves to PHS Rinehart. (Ain't that enough?) Ernie stated that his plans for the summer were Uncle Sams plans. The favorite expression of this lad "Eh. What ya say." Ernie later plans to attend medical school and try to be a pill pusher.

JEANNINE TURNER

If "Ah Reservoir" rings through the halls, you can be sure that Jeannine Turner is saying good bye to some friend. Her ambition is to be a good singer and she sounds as though she is already along the road to success.

This summer Jeannine is going to "mess around" and go to school next fall. Senior English rates first with Jeannine around PHS.

Jeannine is by no means expressionless because her favorite answer to everything is, "Oh Shoot!"

DON COOPER

"My ambition is to be the Receiving agent for the I. D. P.", stated Don Cooper, better known as "Coop". The thing "Coop" liked best about PHS was the women.

Don leaves to the school the gum he put under the seats. The expression which you probably hear Don use most is "Oh I don't think so".

He plans to work this summer and have plenty of hot ole times. Don will probably be found working at the Jones Store this summer.

ELLA JO ELLIFF

Oh, the luck of some people! Lucky Ella Jo Elliff plans on going to Texas and old Mexico this summer.

So she can fully enjoy her trip, "Rosebud" is leaving all her troubles to next years seniors. "Bless it" is her favorite expression and to be a nurse is her ambition. According to Ella Jo, the thing she liked best about PHS was "the library."

MARJORIE MIZENER

"Work, work and more work, is what P.H.S. has meant to me, and this summer I am going to do more said Marjorie Mizener, known to her friends as "Mart."

"To be a secretary is my ambition and I leave to those unlucky juniors, the whole darn school!", concluded this little blond senior.

SHIRLEY BROWN

Howdy to you too, Clem! "Shir" Brown says that's her favorite saying.

This summer she will be seen ushering at the shows.

Next year she plans to attend college to begin making her ambition come true. Yes, she hopes to be a doctor. Shir leaves all the gum Mr. Woods made her spit out. She liked the kids best about PHS.

RUTH WISDOM

"I'm hungry" announces the presence of Ruth Wisdom, senior. Ruth or "Ruthie" as she is better known leaves all her scribbles to the juniors.

Asked the question of what PHS has meant to her "Ruthie" replied, "Oh-h I don't know."

Her ambition is to travel and this summer plans to go to Calif.

"Ruthie's" last words were "Good by Mr. Nation".

Good-Bye Good Old PHS

ROYCE CARNEY

Royce Carney is the name although a lot of folks call him "Corny." Royce's ambition is to be a pharmacist. Royce leaves to some future PHS student his place in the boy's quartet.

The thing Royce liked best about PHS was each week end vacation. In the future he plans to attend college and study pharmacy.

The favorite expression of this lad is, "Hi ya, Babe."

RICHARD FRANCIS

Richard Francis or better known as Dick spends most of his spare time visting the different roller rinks and trying them out. Incidentally Dick hopes to be a professional skater.

His ambition seems to be to have a date with a certain Miss Seymour who is a resident of P. H. S.

Dick says if Uncle Sam doesn't want him which is most unlikely he plans to work with his dad this summer.

RUTH ANN WILLIAMSON

"I wish to leave the juniors the squeaky chairs in the music room and the broken pieces off Mr. Johnson's batons," stated Ruth Ann Williamson.

Ruth Ann's ambition is to hae curly hair, just once, on a rainy day! She plans to fool around and possibly work in the store this summer.

Anyone wishing to contact Ruth Ann just loosen his lungs and holler, "DODO."

RICHARD BAERT

"I want to leave the juniors Mr. Nation," smiled Richard or "Dick" Baert.

"Dick's" ambition is to be a linotype operator. PHS has meant a lot of work to "Dick".

His last words were, "Wish I could stay here." These last words were based on the fact that "Dick" has to go to the army this summer.

KEITH MICHELLA

Keith Michella, one of the senior classes musicians, has an ambition "to become well known in music, particularly jazz."

Keith's plans for the summer consist of working with a small "combo" or joining the armed forces.

His fondest remembrance will be the last five minutes of sixth hour every Friday. Keith, sometimes called "Pancho" wishes to leave the juniors those pretty little speeches Mr. Woods makes under his breath, with the last words of "well, aw reet!"

JOAN DAVIS

"My ambition is to get out of high school," laughed Joan Davis. "Jo's" favorite expression is "crumb" or "ain't that the berries."

Planning to play softball and work is what "Jo" is going to do this summer.

"PHS has meant a heck of a good time to me," said "Jo".

"I want to leave to the juniors, Miss Messenger, the best driver in school", smiled Joan.

Her last words were "Amen."

DAVID LANE

One person with very high ambition is David Lane who wants to be a bishop at 23. "D. W." thought the noon hours, library and vacation seemed to be what he liked best. Dave intends to go to college next fall and this summer he is going to both work and loaf (just how do you do this, Dave?) His last words are "Now for some MEN teachers."

ROSALIE LENNE-MANLEY

Rosalie Lenne-Manley or better known as Rosie says her ambition is to be a good wife to Charlie.

Rosie's plans for the summer are to work at the Telephone office until Charlie comes home.

Say Charlie seems to be getting in on this interview also, "Wonder why that could be."

"PHS has meant a lot of study but also a lot of fun," smiled Rosie as she rushed to her next class.

VIVIAN HALPAIN

"Ginger" seems to be the nickname of Vivian Halpain whose ambition is to be a Florence Nightengale or she'll settle just to be a good Navy nurse.

Vivian spends her free time reading and has been doing quite a bit of brushing up on travel.

She says, "PHS has meant alot of good times and she leaves to the juniors her chair in Government class."

Betty Barber

As a last tribute to the class of '46 the Booster class has written "thumb-nail" sketches of Pittsburg High School seniors. The four pages of this insert contain famous last words and future plans of the members of this graduating class.

In years to come it should be fun to compare the accomplishments of this group of seniors with their ambitions and future plans as indicated in these brief sketches.

Keep this issue of The Booster better still-keep all old Boosters and they will prove a source of pleasure as old Father Time places the burden of adulthood more squarely on your sholders.

SHIRLEY BALL

"Shore 'nough" announces the fact that Shirley "Shug" Ball is around. Shug's ambition is to have a convertible, and she wants to leave the juniors all the days she's forgot to skip. To Shirley, PHS meant an education.

This summer, Shirley says "Watch out, boys, here I come!" Her last words were "Government, I love you."

JIM WILLIAMS

Known as "Sucker" for certain reasons, Jim has an ambition to live "on Tin Mountain with 'Goldie' in Bolivia."

During football season, Jim's password was, "Joesyf, you hit him high and I'll hit him low."

Jim leaves a ton of dynamite and a sheet of instructions to the juniors.

DOLORES SLOAN

Dolores Sloan, known to all as Dodo, wants to be a nurse. For this summer, this ambitious senior plans to take a vacation and go to Kansas City and Wichita. She wants to leave all the gum she had to spit out in Mr. Nation's room to the juniors. "PHS has meant a lot of fun for three years," she concluded.

DOROTHY McNEIL

My messy locker on first floor say's Dorothy McNeil or better known as "Dot" is what I leave the juniors.

Dot's ambition is to go to Honolulu and travel to other scenic places.

"Eat, sleep, and rest is what I plan to do with at least a month of my summer vacation," concluded Dot.

JOHN GADDY

"The printing department, naturally" was what John Gaddy liked best about PHS. He is going to begin working next year but will attend summer school.

John's ambition is to get into the Marine Air Corps. "I leave the drousy assemblies to the new seniors."

BERNIECE STANDLEE

"I am going to leave the juniors all the fun(?) of writing for the Booster," smiled Berniece Standlee, brown eyed senior girl.

Berniece's ambition is to go to an electronic school to learn to be a communications operator.

"Bee" as she is called, is going to Colorado and Kansas City for her vacation.

"I said it and I'm glad" is her favorite expression, Berniece's farewell word to dear "ole" PHS. were "It's been a har-rd life!

Seniors Bid Good - Bye To Hall Of Learning

MARILYN SMITH

"For pets sake" is Marilyn Smith's favorite expression. Marilyn plans to work this summer. Her ambition is to be a good typist.

"I leave the juniors my seat in Miss Farner's room" said Marilyn.

To this senior PHS has meant a lot of fun for the two years she has been here. Marilyn's last words were "Good-by PHS."

ROBERT BARBERO

"I haven't decided what my ambition is," said Robert, better known as 'Bob' Barbero. His headaches are what he remembers most about PHS.

He wants to leave Fintel's solid geometry class to the juniors. This summer he plans to work or sleep.

MARILYN HYATT

"This summer, I'm going to get a suntan and enjoy life in general," commented Marilyn Hyatt—who started that rumor that she's lazy! "Kayo's" ambition is to marry three millionaires. (All at once or separately?) Her own favorite expression "Yeah, I bet" would fit that statement perfectly.

The thing Marilyn liked best about school was—from Friday night to Monday morning!! With a wicked grin she concluded, "To the kids next year, I leave all the good food in the cafeteria."

DANNY ELLIOTT

This fellow's nickname is "Wild Bill" and everyone says that it fits him. Dan's ambition is to be a diesel engineer, but he fears that his powerful Uncle may have work for him first.

Every third time that this fellow speaks, he makes it a point to ask, "What say, eh?" Dan says that PHS is the finest school which he has attended and he has been in plenty of them. His last words are, "Bye-bye for now."

NEVA EVANS

This summer you will find Dave Kuebler saying, "Yes sir," and, "No sir," to his top sarge.

"What I like best about PHS was Mr. Nation's class in economics," smiled David.

When asked his ambition Dave said, "huh huh." To PHS he leaves nothing!

PATRICIA SIEGFREID

"Caladonia" exclaims Patricia Siegfried when the occasion arises. "Pat" wants to be a nurse, but she's decided to honor Crowells Drug Store by working at their fountain this summer.

"The thing I liked best about PHS were the holidays," she commented. Upon departing from these halls, she is leaving behind her, quote "All the pins I lost in clothing!"

LILBERT HOLCOMB

"To be a ditch digger in Madison Square Garden is my ambition," stated Lilbert Holcomb, who is usually called "Lilbutt" by the gang.

Libert leaves to the school his chair in the 'trom' section to Neil Nelson. The favorite expression of this young man with the horn is "Ug". The thing Lil liked best about PHS is Mr. Nation.

He plans to join the Navy this summer.

BETTY ROYSE

"To be a good wife to some certain lucky man is my ambition," said Betty Royse, "but this summer I plan to be a telephone operator."

"Well, I'll be a _____ is my favorite expression," stated Betty "and I'll leave my lost book to the juniors."

"Betty is the only nickname I have. PHS meant to me a place to spend my lonely hours," concluded Betty.

Boys Needed To Work On Farms

"Boys will be needed again this summer to work on farms," such was the information received by Mr. Green from the Assistant Supervisor of the Emergency Farm Labor W. O. Stark.

In this letter he stated, "Kansas farmers are facing a possible record wheat crop with a serious shortage of labor. The war is over, however, famine is prevalent in the many countries of the world. Will you again urge your boys to work on farms this summer?"

Sailor Bud Billing Has Leave From Service Near Alaska

During the International Relations class last Monday afternoon, Bud Billings, former student in PHS visited the journalism room.

Bud has been in the Navy almost a year with two more to go, and really thinks its "Ok". He has spent most of his time since boot camp on the U.S.S. Curb CARS 211, in Alaska. A few of the places he has been are Kodiak, Juneau, Attu, and a general bird's eye view of all the Northern territory.

I believe the possibilities up there are good in fact they are still digging gold in the Northern part, stated Bud, with a mean grin. "The weather is fine if you like it on the chilly side, one thing sure, it makes you up in the morning with a hang!"

One of Buds exciting moments happened when he was helping salvage ship wreck. Since his ship is of the rescue class, Bud was on hand to help survivors of the grounded vessel. again, but I'm afraid I'd need an "I wish I were back in high school again," concluded Bud Billings.

May Proves Merry Month For Birthdays

Oh, Those people that have May birthdays! They make me so mad That means another birthday story so here goes.

Since nobody was a may basket baby, May 3 seems to be the first birthday on the calendar. They belong to DONNA MARIE CHIPLEY, MELVIN BOWELL, and PAUL GILLILAND. Their future they will be in medical profession because on this date the first medical school in America was established.

FRANKIE FLAMING'S birthday, May 4, is also the McDonogh Day in Maryland. This man left money to schools and on those rather flimsy grounds, Frankie will be great public benefactor.

May 5, is celebrated as a birthday date by CYNTHIA AUSTIN, MELVIN JAMESON, and MARY JEAN PERIMAN. They just can't help but be a lover of horses since that date is Kentucky Derby date. ANITA HILBOLDT and Robert E. Perry were born on May 6 (several year difference, of course) so maybe she'll follow in his footsteps and discover unknown lands.

HELEN REMINGTON and MARVIN WHITE had better stay away from water. May 1 was the date of the sinking of the Lisitania. Get it. Sinking ship! Water!

May 8, 1902, St. Pierer, Martini- que was destroyed by eruption of Mt. Pelee. What has that to do with the price of eggs? Well its an

interesting fact for MARILYN MOSIER and NATTIE JO RODE-RICK who have birthdays on May 8 to remember.

BILLI MCGUIRE will have no doubt be a railroad executive since he was born on May 10, date of the BILL MCGUIRE will have no will be a public benefactor because the Rockefeller Foundation was First Transcontinental Railroad. chartered on May 14.

MARTHA ALBERS and CHES- TER PRYOR will be witnesses in an important case that will go to Supreme Court.

On May 15, 1911, U.S. Supreme Court ordered Standard Oil Company combine dissolved.

May 16 is Memphis Cotton Carnival and SHIRLEY SHERMAN'S birthday. Prediction: Shirley will become a famous Power's model of cotton dresses.

A union of church and state in Mass. was done on May 18, birthday of NORMA JOHNSON, so she will be a great arbitrationist.

DONNA ROSS will be a promoter of women's rights since her birthday is May 20, on Dolly Madison Day which is a day that women celebrate women's suffrage.

ELLA ZEHR will be a great aviatrix since her birthday is May 21. She may not land in Paris like Lindbergh did on this date but will probably add to flying history in some other way.

Admirals GERALD CLARK and JAMES GARRISON. (sounds good doesn't it.) Possible titles of these boys for being born on May 22, National Maritime Day. (We aim high as well as to please).

LEWIS MILLEMAN and BOB Moore will someday become British subjects. That's the only way I can figure it since their birthdays are on May 24, British Empire Day.

PHS'ers will also be reading great poetry that will rank along side of Ralph Waldo Emerson's.

Who is the poet? NANCY MESS- ENGER. She was born on May 25, Emerson's birthday.

CLINTON CHAMPION and LOIS DRAY will be great religious workers, maybe missionaries, because May 26 is the birthday of the founder of the United Brethern Church.

May 29, is the birthday of PATSY PATTERSON and well known figure of history, Charles II (Forever Amber). It is prophesied Patsy will marry royalty.

CHARLES ANDERSON will be interested in flowers since May 30 is Memorial Day and flowers are tokens of the memorial.

This month of May surely has a lot of prospective poets in it because EUGENE FRANCIS, BOB MRAU- LE, and BOB VARNER have a birthday on the date of Walt Whitman's birthday, May 31.

This little nonsense column of birthdays PHS'ers have had is not entirely imaginary. "The American Book of Days was a source book used and maybe students have accumulated little known facts that they will remember because it falls on the date of their birthdays. The only words of regrets I have for those students having summer birthdays that were not reviewed by yours truly is, quote, "You lucky people," unquote.

Dragon Football Squad Has Gala Time On Trips With Travel Worn Buses

Playing before the home crowd is easier on the football player's mental state of mind, but the out of town games are more exciting and fun packed.

There is the problem of the bus. Is it big enough so that the boys won't have to sit three deep in a seat? Will the tires blow out before the team gets back?

This year the only trouble the team had with the buses was getting all the players in it on time. The first out of town game, the bus was just pulling out when who should come dashing across the campus shouting and waving his arms like a wild man but Cecil Wilson. Then there was the time when Paul Farris had to get a doctor's examination before he could play that night.

Then when the team hits the outskirts of the town, the fun really begins. Oh the poor girls who are walking down the street as the bus pulls in. A bus full of wolves can make plenty noise. (If you know what I mean)

The boys usually had about an hour before game time and they make good use of it looking the town over, (yes yes) worrying soda jerks, clerks, and anyone else who walks across their path.

Before game time there comes the ordeal of undressing and putting on a cold uniform in an ice cold dressing room. After getting dressed and taped and lectured, the team goes out on the grid for a warmup. At this time the field, lights, stadium, and town in general gets a good running down.

Game time is the thrilling moment. Any boy who has not been on the field, with a big crowd in the

All boys from Pittsburg who went to the various regional track meets placed in the events they were entered in.

Five boys from PHS went to Coffeyville and garnered 11 points. Ted Hoffman took fourth in the broad jump, Russell Francis came in fourth in the mile run. Alpine Kent took third in the century which was won by a colored boy from Arkansas City in 10.2. Second went to another colored lad from Wichita North. These two boys are expected to finish first and second at the state meet. Alpine was clocked at 10.3. The medley relay team composed of Kent, Hoffman, Grandle, and Wilson, took second being nosed out by Coffeyville.

This column would like to nominate Joan Davis and Harvey Grandle as PHS's 1946 ideal athletes. Harvey was a big gun on the football team, member of the basketball team, and star dashman of the track team.

Joan is an all-around athlete, participating in basketball, track, softball, and volleyball.

Golfers Take Third Place In SEK Meet

Taking third place in an all SEK golf meet Saturday afternoon, May 4 on the Katy golf course at Parsons, the PHS golf team finished their last meet of the year.

Teams playing were Chanute first; Coffeyville, second; Pittsburg, third and Fort Scott, fourth. This meet is the last SEK match of the year.

The boys from Pittsburg entering this 27 hole match were Bill Rinehart, Charles Rondelli, Don Overman, and Stanle Goldberg.

C. H. Lundquest, coach, took the PHS golf team to Joplin yesterday for the last meet of the year.

Coach Lundquest will leave PHS this year to teach at Oklahoma A. and M. The golf team will certainly miss Mr. Lundquest.
